Judge Edwards Allows Them to Be So Placed Over the Vigorous Protest of Governor Small's Counsel—Court, However, Reserves Final Ruling on Motion Until Later

WAUKEGAN, Ill., May 18.—Cancelled drafts, notes and memorandum of Armour's, Chicago packers, went into the record of the trial of Governor Len Small today over the vigorous protest and objections of the governor's counsel.

By this cancelled paper and the records the prosecution is attempting to show that transactions between the packers and the late Senator E. C. Curtis, Vernon S. Curtis, and the "Grant Park Bank" were, so far as the Curtis brothers were concerned, part of the alleged conspiracy to defraud the state by the manipulation of interest earnings on public funds. Frederick W. Croll, vice president and treasurer of Armour's, was on the stand while the books and papers of his company were read into the records.

Under direct examination by Assistant Attorney General Wilkerson, Mr. Croll identified many exhibits of documentary evidence as records of loans made with E. C. Curtis and the "Grant Park Bank," the institution which the prosecution claims was a fiction and which the defense contends was bona fide.

# HOOVER REACHES AGREEMENT WITH COAL OPERATORS

Will Prevent Profiteering in Coal During Strike

WASHINGTON, May 18.—Coal operators from whose mines is coming the bulk of non-union and open shop coal being produced in spite of the bituminous miners' strike reached an agreement today with Secretary Hoover upon an administration plan for preventing profiteering and high coal prices during the period the industry remains partially tied up.

The scheme, adopted only after some tense moments in open debate during which Mr. Hoover told the operators—assembled in response to President Harding's invitation—that the "coal industry would either govern itself or the government would govern it," the government will maintain a committee in Washington of the same type will maintain coordination between the district committees.

Mr. Hoover assured the meeting attended by more than 50 operators that the plan would be "voluntary and temporary."

Secretary Hoover also proposed that the scale of prices fixed by Fuel Administrator Garfield in 1917 with such adjustments as may be necessary should serve as the rough basis for price agreements. The conference hung momentarily at this point but unanimous agreement eventually was secured. Mr. Hoover asserted there would be no difficulty in securing public opinion for a "plan of getting the public enough of the coal and cheaper coal," even though it should involve temporary price restraints.

Not Certain of Success

Discussing the conference later he warned that it was by no means certain that such a plan will succeed, pointing out that the assenting operators the controlling a very great percentage of soft coal production had to obtain the cooperation of other operators.

He declared it was a plan to see what "we can do by purely voluntary action" in the absence of any legal authority whatsoever, by the coal mine operators which calls for self-denial by all of them.

The informal committee meeting with the secretary later drew up and made public the following recommendations:

"That a general conference of operators now producing coal should be called to Washington at an early date to consider plans for the better coordination of coal distribution and the prevention of profiteering."

# DEMOCRATS WANT TO MAKE PENDING TARIFF THE ISSUE

Senator Underwood Made This Declaration Yesterday

(By The Associated Press)

WASHINGTON, May 18.—Assembling that senate Republicans or most of them had decided to accept pending tariff bill as reported by the finance committee, Senator Underwood, of Alabama, the Democratic leader, declared today in the senate that he wanted the record on the measure so clear that this would be the issue in the fall campaign and that the people should pass judgment on the bill.

"They (the Republicans) are not going to consider the various items as presented," said Senator Underwood, "and the only jury to which we (the Democrats) can appeal is the jury that must pay the taxes."

The minority leader was discussing a paragraph dealing with duties on pigments for paints. He said this was one of the items that the people could understand and that it could be made clear that the only purpose was to build up a tariff wall to increase the profits of the producers.

The pigments under discussion were crude oils and oxides. The committee rate of one-eighth of a cent a pound on the crude was approved and in defending this rate Senator Smoot said was half of that in the house bill and in the Payne-Aldrich law.

Would Protect Flax Raisers.

Discussing the 20 percent duty on oxides, which was approved by the senate, Senator Smoot said a large per cent of paint contained linseed oil and that the farmers of North Dakota producing flax seed held that a high tariff was necessary to protect them. The committee originally recommended a duty of 25 per cent but receded from its amendment, allowing the house rate of 20 per cent to stand after the senate had voted down an amendment by Senator Underwood to continue the present rate of 10 per cent.

Previously the senate had approved committee amendments to the tariff bill proposing a duty of 2-1/2 cents a pound on Litharge and of three cents a pound on orange mineral. Both of these materials are lead pigments. Committee rates of 2 3/4 cents a pound on red lead and 2 1/2 cents a pound on white lead also were approved. The committee proposal for a 25 percent rate on varnish was the subject of an attack by Senator Norris, Republican, who also scored the votes on paint and said it appeared that the senate agricultural tariff bloc was in a "deal" to support the committee rates generally in exchange for protection on agricultural products.

"I have been wondering about the farm bloc," he added. "We've been dealing in products the farmers need and have been increasing the tariff on everyone. Where, oh where is the farm bloc?"

Senator McCumber in charge of the bill said it might be there were no importations of varnishes now but that the bill was framed to be effective for several years. He denied that there would be an increase of 25 percent in the price of varnish because of the 25 percent duties proposed. With respect to the effect of the proposed tariff on farmers, Senator McCumber said the agriculturists in his state had not asked that everything they used be admitted duty free but only they have equal protection with other industries.

# HAYS IS CHOSEN AS MODERATOR

(By The Associated Press)

DES MOINES, Iowa, May 18.—The Rev. Dr. C. C. Hays, for 31 years pastor of the First Presbyterian church of Johnstown, Pa., was elected moderator of the United States at this afternoon's session of the 124th general assembly.

Dr. Hays polled 512 votes to 379 for Dr. C. B. McAfee of Chicago, the only other candidate and after the first ballot the assembly voted to make the selection unanimous. A motion halting further nominations was made after the two candidates had been named.

Dr. W. O. Thompson, president of Ohio State University made the nominating speech in behalf of Dr. Hays, and Dr. J. B. Laird of Philadelphia branded the nomination in a brilliant speech in which he cited Dr. Hays' record of 31 years service in the same congregation. This appeal and reference to the candidate's activity in Presbyterian work drew strong support from commissioners of the west and middle west.

It was announced that Vice-President Coolidge will address the assembly Sunday evening. W. J. Bryan has been prevented by his wife's illness from attending the opening session, but is expected here Saturday. Selection of 20 standing committees by the general assembly was under way late today. The personnel of the committees are chosen by the commissioners and the heads of the committee are then named by the moderator.

# CARNIVOROUS FROGS DOWN IN OKLAHOMA

Blackwell, Okla., May 18.—The Blackwell Tribune today investigated a report that carnivorous frogs were menacing chickens in the city and found two residents who declared they had been attracted by cackles of distress from the fowls to a nearby pond and found a large bull frog dragging a frying size hen into the water.

# Allies are Still Hoping Against Hope

(By The Associated Press)

GENOA, May 18.—American Ambassador Child and Premier Lloyd George conferred again this evening concerning the American attitude on The Hague conference and again hope was expressed among all the delegations that the United States will participate. After formally adopting the plan of The Hague meeting and solemnly affirming the continuance of the truce for four months thereafter the economic conference did no other business today. The delegations are preparing to leave soon after the preliminary session which will be one of speech making.

Interest centers especially in the address of the British prime minister and M. Tchitcherine. Lloyd George announces that he will speak after most of the other delegations and will reply to them. After the plenary session the British delegation will give a luncheon to the Italian press at which Mr. Lloyd George will make another address. The British and American press representatives also will be guests. The British delegation will leave immediately after the luncheon. There are many rumors that the soviets may conclude other agreements before they depart. Several of the Bolsheviks intend to remain in Berlin until it is time to go to The Hague and important developments are expected in Russian relations in a few weeks.

A review of the conference shows that it never was quite able

# MUST ELIMINATE SOVIETISM IS DECREE OF U. S.

This Government Says it is Chief Bar to Restoration

(By The Associated Press)

WASHINGTON, May 18.—An elaborated statement of the American viewpoint as to the expert discussion of Russian economic problems at The Hague called by the state department yesterday formed the basis of Ambassador Child's conference with Senator Schrevel and Premier Lloyd George today in Genoa. The communication merely made more positive if possibly the conviction of the Washington government that Russia must rid herself of sovietism as the first essential step toward economic restoration.

It was made plain that while the United States does not desire to impede an inquiry by international experts as to what is the matter with Russia and is prepared to join in any plan purely for the purpose of making such an inquiry, officials are certain that the result would be only to show that the chief economic barrier to Russian restoration is sovietism.

Obviously it was pointed out today, the United States will not consider any question of a loan to a government based on principles that avowedly would deny any recognized form of security for the loan. It is useless for the Russian delegation at Genoa or anyone else to believe that even recognition in the diplomatic way of the soviet government would lead to such action it was said. And if public funds are not to be available for such a loan, American private capital would be still less willing to venture into Russia, it was pointed out.

The government was said to believe that an economic diagnosis of Russia's affairs by an international group of experts including German and Russian specialists in commercial matters, railroads, industry or other similar questions possibly might be in order to form a basis for international conversations as to Russia on which all were agreed as to facts.

The outstanding fact developed in the American viewpoint will be that sovietism itself is the stone wall that blocks the road from Russia's return to the family of nations.

# EUROPE NOT IN MOOD TO DISARM AT PRESENT TIME

This is Opinion of Disarmament Experts of League

(By The Associated Press)

GENEVA, May 18.—The nations of Europe are in no mood to disarm or even substantially reduce the size of their armies and no material progress toward the reduction of land armaments can be looked for during the next three or four years.

Such is the opinion of the disarmament experts of the league of nations and the members of the temporary mixed commission on armaments which is the instrument through which the league has been trying for two years to make some headway in the direction of world disarmament.

The commission created in September, 1920, by the first assembly will end its work next June when a final report will be drawn up for the September meeting of the assembly.

Only 20 replies have been received to the questionnaire sent out nearly eight months ago by the league to its 51 members asking for detailed information on the present size of armies, the amount of war material on hand and contemplated reductions. All the big world powers, with the exception of Russia and the United States to whom the questionnaire was "not sent" have in the opinion of the experts replied with reasonable frankness.

While the questionnaire merely asked for statistical information the mixed commission and league officials now have learned from unmistakable sources that there is no disposition on the part of the European nations, particularly the world generally to disarm while the present political situation in Europe continues. The Genoa conference and the Russo-German treaty have, in the estimation of the commission members and league officials dealt a serious blow to the disarmament campaign of the league.

Information reaching the league indicates that the representatives of the various countries are leaving Genoa with greater uncertainty as regards the future than when they started for the economic conference. Consideration of the problem of disarmament is out of the question for the present owing to the Russo-German attitude, league experts believe. The only outstanding exception to what league circles call the general refusal of the world to disarm is the Washington conference.

The only thing that could bring about general disarmament within the next five years would be another Washington conference call and strongly presented by the United States. This is the experts' conviction; they say that America's great influence, morally, commercially and financially thruout the world, would compel the nations to reduce their armies, when efforts of the league which is made up of and is the instrument of these states, would fail.

# ST. LOUIS GIRLS HIKE TO CITY

Misses Nell Gihard and Margaret Appleman Reached Here Yesterday—Guests of Miss Rosa Walsh.

Misses Nell Gihard and Margaret Appleman, St. Louis pedestrians, are spending the week-end at the home of Miss Rosa Walsh, in Hardin avenue.

Leaving St. Louis Tuesday the young ladies started on foot for Granite City to Jerseyville. From Jerseyville to Kane, the pedestrians followed the automobile trail but found the going rather heavy. The Chicago and Alton railroad was given a try out, Kane to Carrollton, but the rock ballast was not to the young ladies' liking and after spending the night at Carrollton they again took up the Burlington Trail. Stopping at Roadhouse for a short time, the Mound City walkers continued on their way arriving in Jacksonville at 2:30 p. m.

The young ladies were clad in khaki "knickers" and coats. They were walking slippers with military heels.

During their long "hike" the young ladies were often offered a "lift" by motorists but all invitations were refused.

After sending a few days with Miss Walsh, Misses Gihard and Appleman expect to take the train for Chicago to spend a few days visiting friends.

# UNITED STATES IS ON THRESHOLD OF NEW ERA PRESIDENT SAYS

Country is Again Finding Itself—Makes an Earnest Plea for Honesty in Commerce—Tells His Hearers No Substitute Can Ever Be Found For the Reward of Merit

(By The Associated Press)

WASHINGTON, May 18.—President Harding, speaking today before the chamber of commerce of the United States, declared that the country at "this very moment is on the threshold of a new era; that business is reviving and 'the country is finding itself.'"

The government, he said, was greatly interested in restoration of normal world business and economic conditions and he added that there was no disposition on its part to hold from other nations.

American industry, he said, should not be destroyed to build up the commerce of other lands.

The president declared there was no one constructive thought in the mind of the administration at the present time which took rank over that of a desire to establish firmly and successfully an American merchant marine. He doubted, he said, if the world war would have occurred had the United States possessed a merchant marine commensurate with its commercial importance.

"If there is any one realization," he said, "which fixes itself more firmly than another in the mind of one charged with great responsibility it is the conviction that the business life of the republic is the reflex of all its good fortunes. I think I can venture to say that commerce and civilization go hand in hand; and were it not for commerce there would be no civilization."

"We have learned that from the great golden stream of commerce flows everything in life worth while. If it were not for this golden stream that comes from exchanges from productivity and exchanges, there would be little of education, there would be less of art, there would be few of the finer attainments which make life worth while."

"While I am speaking very briefly I wish to speak, ladies and gentlemen, for a commerce with a conscience."

"If I were to bring only one admonition to you I would like to charge you men and women of influence and responsibility with the task of eliminating from American commerce those who do not have conscience, whose conscienceless practices bring that criticism which sometimes attacks our American activities."

"Something has been said and I think opportunistly said, that we want a period in America with less government in business and more business in government. If the commerce of America were always conscientious there never would be a single excuse for government in American business."

"There is not an agency in American life which can so quickly put an end to abuses and offenses in American commerce as those who are conspicuous in the leadership of commerce."

War Changed Things

"I beg to remind you that the great world war, like every other war which preceded it but more notably the great world war, because of its incalculable immensity has left a state in human affairs quite different from any other that ever preceded it. The war would have been a complete waste, it would have been an utter sacrifice of every effort if we did not find the great human procession on a little higher plane than that which it followed before. And American commerce must keep that in mind."

"There never will be a time when you can go back completely to the old order of American industry and exchange in trade. I say this because at the very moment we are on the threshold of a new era. Undoubtedly there is more than a mere business revival in sight. Our country is finding itself again. We are fundamentally right and we do not intend ever to be discouraged for a long time."

"Business is reviving and we are soon to resume our onward way and I admonish you of the larger responsibility to keep in mind the new state of human affairs."

"I do not think that any business can permanently succeed that is not honest. And I do not think any enterprise ought to succeed that is not honorable."

"And if you will combine honesty and honor that enterprise which makes such a slogan will stand unchallenged."

"There is one fundamental that we ought never forget. No law can ever be enacted or any substitute ever found for the reward of merit."

000 worth of German property. A joint settlement will liquidate still another Democratic legacy of the war.

During the war, John H. Patterson, recently deceased, offered to the United States Government the use of the plant of the National Cash Register Company, of which he was head. The Wilson administration offered him some contracts on a cost-plus basis but he declined the contracts on the ground that it would not be right to work on a basis where the more he spent the more he made. He would not put that kind of a burden on the taxpayers and refused to enter into a contract the form of which would encourage everyone in his plant to make production as expensive as possible.

## GOOD TIME TO BUY CERTAIN MATERIALS

"Were I a manufacturer of rubber goods," says B. C. Forbes in Forbes Magazine, "I would place contracts for large quantities of crude rubber at current prices. If a user of copper, I wouldn't be afraid to place orders at prevailing prices for future delivery. If I were a cotton manufacturer or speculator, I would proceed on the assumption that raw cotton will advance rather than decline from current levels. Another commodity which looks very cheap is sugar. Coffee was, but isn't now. If a large user of iron and steel products, I would reason that prices are more likely to rise a little than to recede. Doubtless there are other commodities and materials destined to move upwards."

"On general principles, it is safe to lay in stocks of any staple which is selling below cost of production or at a level not yielding a rational profit. In the early stages of a general downward swing of prices it is prudent to act most cautiously, buying simply from hand-to-mouth. But we have now reached a point in the economic cycle where, I firmly believe business men interested in any raw material selling at a very low price to consider very seriously the advisability of stocking up."

Senator Pat Harrison and other Democratic leaders joyfully point to the success of Gifford Pinchot in winning the gubernatorial nomination in Pennsylvania, as a slap at the old guard and the Harding administration.

Wouldn't it be more accurate to attribute something of Mr. Pinchot's success to the influence of Theodore Roosevelt, which still "goes marching on," even the "Great Progressive" is no more an earthly figure.

More than 300 ballots have already been cast in the Chamber of Commerce election for directors, and still a good many hours will elapse before the polls close. No better proof could be furnished of the continued interest in the chamber of commerce organization.

President Harding has a most impressive way of phrasing the needs of the times. It was just yesterday that he told a convention of business men that the great need of the times is more conscience in commerce. Then the president went on to say that business needs have no fear of government interference with its affairs if conscience in business becomes the rule of all. That was certainly a succinct way of emphasizing the truth that if honesty and integrity and fairness can only be made the dominant factors, most troubles of business.

## STURGEON FUNERAL HELD AT WINCHESTER

Remains of Late Louis Sturgeon Laid to Rest Thursday Afternoon—Other Winchester News

Winchester, May 18.—The funeral of Louis Sturgeon was conducted from the Baptist church at 3 o'clock Thursday afternoon. The church was completely filled with the relatives and friends of the late, who was so well known and generally liked in the community. The high school students attended in a body, as did members of the band with which the deceased was associate.

Rev. W. R. Johnson preached a very sympathetic sermon and the services throughout were of an especially impressive kind. Music was furnished by a quartet including Mrs. Claude Thomas, Miss Louise Frost, Messrs. W. M. Gish and C. W. Smith.

The floral tributes were in charge of a group of high school girls. Interment was made in Winchester cemetery, the pall bearers being Ralph Peak, Robert Reynolds, Gordon Evans, Thomas Glossop, Thomas Watt and Louis King.

## DOUGHBOYS MAKE SALVATION ARMY DRIVER

CHICAGO.—Doughboys with the American Army of occupation stationed at Goblitz, Germany are making bass drums for the Salvation Army which they are sending to foreign lands as a token of their appreciation for the services of that organization on the Rhine, according to a letter received at Salvation Army headquarters in Chicago.

The first of these big drums to arrive at its destination is reported in a letter from Commissioner Sukh Singh who has charge of the Salvation Army's big Tata silk farm in Southern India. Commissioner Singh says that the drum was presented to the native Hindu congregation at Tata in a special mass meeting for the purpose and attended by hundreds of natives. The drum bears a silver plate on which is inscribed "From the Soldiers of the American Army of Occupation on the Rhine to the Salvation Army soldiers of India."

It is understood that other soldier-made drums are now enroute to China, Kenya (Central Africa), South Africa and the Dutch East Indies each of them bearing a similar inscription.

The Rev. Frank S. Hollett of Lisbon, N. Dak., is the first Methodist circuit rider, so far as is known to cover his territory by aeroplane.

# Our Saviours Hospital

## Founded on Faith and Sacrifice

(By W. T. Harmon.)

In 1896 when a new rectory was built at the church of Our Saviour the old rectory was offered to the sisters of the Holy Cross as an inducement to them to establish a hospital in Jacksonville. The Sisters accepted the building which was poorly adapted to hospital purposes and remodeled it as best they could.

In that same year, 1896, Our Saviour's Hospital was opened and three patients took advantage of the facilities offered. At that time there were eight sisters in charge of the hospital. It was not difficult for them to care for the first three patients.

Soon, however, additional patients were received and the small capacity of the hospital was overtaken. More room was urgently needed to satisfy the ever increasing demand for accommodations. A generous benefactor was found in William R. Routh who provided practically all of the funds necessary to construct the addition which was built on the west side of the old building.

This additional space was soon swallowed up in the demand for accommodations and the shortage of rooms became as acute as ever in spite of the fact that 40 rooms for patients were now available. Beds were placed in the hallways in an effort to provide still further facilities.

From time to time the Sisters found it necessary to make improvements in the old building. A

hot water heating system was installed, a new laundry built and equipped with two motors to assist in solving the labor problem, a new kitchen was constructed and a home for nurses purchased. This home stands just north of the hospital on East Court Street.

Finally, after 26 years spent in ministering to the wants of suffering humanity in this city and surrounding territory, the Sisters, now 15 in number, found themselves with a small fund of \$27,000 on hand. Additional rooms were sorely needed. Building costs were still very high. After careful consideration of the matter the sisters decided to build.

The contract was let a year ago, building was begun and has continued without interruption until today the new addition stands practically completed, a monument to the intrepidity of the little group of 15 Sisters who, with \$27,000 on hand, have borrowed sufficient funds to construct a building at a cost of \$250,000 in order to enable them the better to minister to the sufferings of the sick and disabled in the city of Jacksonville and surrounding territory.

Next week the people of Jacksonville will be requested to subscribe the sum of \$25,000 in order to assist in defraying the cost of equipping immediately this magnificent new building in order to make it at once available when it is turned over by the contractors in June.

the church societies. A speaker from out of the city is to be secured. Several suggestions made by the trade committee were informally discussed before the directors adjourned.

## C. OF C. DIRECTORS PLAN FOR ANNUAL DINNER

Record of Past Twelve Months Will Pass in Review as Organization Turns Toward Other Work.

At the meeting of the directors of the Chamber of Commerce Thursday night further plans were made for the annual dinner and meeting of the membership. There was also discussion of plans for "stock taking" week, the period at the close of the year when the work of the past year is to be renewed and the work of the future outlined.

The contract of the Chamber of Commerce with the American City Bureau provides for assistance from a staff member of the bureau in the work of stock taking week. The purpose is to secure new members and to increase the interest of those already members by calling attention in a succinct way to the work which the organization has accomplished in the past twelve months.

While a representative of the bureau will be here to direct the work, it is of course necessary for a special committee of members to co-operate in the work. The prospect committee named last night includes Harrison King, Marcy W. Osborne, Harry C. Clement, Francis Rantz and C. E. Leach.

The annual report of President Rowe and Secretary Welch will be a summarized review of organization activities. It was determined that the annual dinner will be held at one of the churches if arrangements can be made for catering service with some one of

## LEE SULLIVAN HAD VERY NARROW ESCAPE

Auto He Was Driving Thursday Struck By Switch Engine on Wabash—Damage Was Slight

Lee Sullivan of the Eli Bridge Co., had a narrow escape from serious injury if not from death Thursday. Just about the noon hour Mr. Sullivan started to drive from the Eli plant north on West street. Because of a shed which obstructed his view, he did not see a switch engine approaching with two coal cars until almost upon the track. It was impossible to prevent a collision altho Mr. Sullivan applied the brakes at once.

The locomotive was not moving at high speed and the roadway because of recent rain was so slippery that when the box car struck the automobile the machine was shoved along over the ground. A bent fender and headlight was all the damage done except to Mr. Sullivan's nerves.

Several efforts have been made in the past to secure a watchman for this crossing and two near accidents which have happened lately will be used in further argument in favor of this safety device.

## DISCUSS CHANGES IN THE RAMBLER

Students May Make Amendments to Constitution of Official Paper of Illinois College.

Among the various things brot up for discussion yesterday morning during the chapel hour at Illinois College was the presentation for ratification of several amendments to the Rambler constitution. The chief provision discussed was the manner of selecting the manager and the salary he should receive, \$300 being the amount mentioned. As many objections were found the matter was laid on the table for another week.

It was suggested that the prospective candidates for the manager position should file bids with the editorial staff, stating the salary they would be willing to receive for their work. It would then be the business of the staff to select the student whose offer was the cheapest and who to the best of their judgment would be the most efficient. A vote will be taken among the student body next Thursday, thereby giving all who wish to examine the constitution ample time to do so.

## STREET CARNIVALS

This is the severe indictment of street carnivals that appears in an exchange.

"This is the time of the year for these shows to start out to corrupt more than to amuse the people—poor stupid, morally color blind people. These shows are made up almost entirely of disreputable and danerous people. We can hardly conceive of a self respecting woman belonging to such an outfit. Immoral side shows will be run where the local people will tolerate it. Gambling is the chief attraction and stock in trade. This appeals to the base motive in many people—to get something for nothing as well as the gambling mania already well developed in many persons in almost every community.

"These shows get into communities under the sponsorship of lodges and societies who are given a per cent of the receipts. Business men not only tolerate these shows, but many of them seem to welcome them and want them because they bring people upon the streets, especially from the country, and they believe this stimulates trade. The foolish people are after senseless pleasure and the show people, the lodges and societies sponsoring them and the business men (some of them) are after the money. There are usually some innocent features in these shows and carnivals, but these features are the minor not dominant element. They are nuisances and should never be given foot in any community."

It is interesting to note in this connection that a great many of the larger cities of Illinois have passed ordinances which will keep street fairs and carnivals, at least, outside the city limits.

## MISS MILLER TO WED WOOD PHILLIPS

Engagement of Well Known People Announced at Party Given By Mrs. Barr Brown—Ceremony Will Be Held June 28.

At a delightful afternoon bridge party given yesterday by Mrs. Barr Brown at her home on West State street, June 28th was announced as the date for the approaching marriage of Miss Willabella Miller and Wood Phillips. The engagement of these popular young people has been known for some time but it was not until the affair yesterday, given in honor of Miss Miller, that the date of the wedding was announced.

Three tables of bridge were made up yesterday afternoon and the function was a very delightful one. At the close of the hours spent in playing, an attractive luncheon was served. A lovely color scheme of pink was carried out with roses and tally cards. It was during the serving of the luncheon that the coming wedding was announced. Each guest was presented with a favor, a miniature bride and in her tiny bouquet were concealed the little cards bearing the initials, "W. M." and "W. P." and the date, June 28th.

Both Miss Miller and Mr. Phillips are well known in Jacksonville circles and are popular with a large number of friends. The bride to be is the daughter of Mrs. Sarah H. Miller of 124 Westminister street, and is a young lady whose charm of personality has made her justly popular. She has often given of her artistic and musical ability, to community activities and has been identified with the social life of Jacksonville.

Mr. Phillips is the son of Reverend and Mrs. W. S. Phillips of Carlinville and has always made Jacksonville his home. Reverend and Mrs. Phillips lived in this city until a number of years ago and the family has always been well known in the community. He holds the position of auditor with the firm of J. Capps and Sons, Ltd., of this city and is known as a young man of ability and fineness of character.

The wedding of these two young people will be one of the important events of the June season in Jacksonville. Mrs. Fred Buck, Jr., of Springfield, was among the out of town guests at yesterday's functions.

## CHAPIN DOMESTIC SCIENCE CLUB MET

Regular Meeting Held at Christian Church This Week—Work Begins on New Building—Other Chapin News.

Chapin, May 18.—The Domestic Science Club met in the auditorium of the Christian church Wednesday afternoon. The meeting was called to order by the president, Mrs. Wesley Anderson.

Roll call was answered by "Noted Mothers in History." The program was as follows: Paper, Origin of Mother's Day—Mrs. D. L. Smith.

Reading—Mrs. B. A. Cratz. Round Table, What Constitutes a Good Mother—Leader, Mrs. Mary Hutches.

Reading, Mother of Mine—Mrs. Tom Stone.

Reading, Bravest Battle That Ever Was Fought—Mrs. Frank Burnham.

After the program a luncheon was served in the basement. There were twenty members and fourteen guests present. Each member had the privilege to invite a mother.

Miss Kennedy went to Bluffs Monday night, the guest of Dorothy Griswold. While there she attended a high school home talent play.

Mrs. Andrew Allen was a St. Louis shopper Wednesday.

Misses Helene and Effie Markham, Mrs. Knopp and Mr. Schultz drove to Jacksonville Monday afternoon and attended the May day fete at the Woman's College.

The masonry work in the new Onken building is now in progress. John Onken has been kept from his duties at the store the past week by illness.

Mr. Robins who recently purchased the Robert Bridgman property is nicely located in same. Mr. Robins and family were formerly residents of Chambersburg.

A great many in this locality have lost a number of chickens, both young and old from the pest, Buffalo gnats.

## DR. HILL TO BE AT DEDICATION

Among the many state officials and Legion men who will be at Elgin, Sunday, May 28th, to witness the dedication of the soldier's memorial there, will be Dr. E. L. Hill of this city.

The building is an exact duplicate of the one being erected here at the institution, with the exception that the finish is stucco instead of brick as the local building will be.

## CARD OF THANKS.

We wish to thank our friends for their many acts of kindness during the illness and after the death of our husband and father. Also for the many beautiful flowers.

Mrs. Mary Rapsilber and Children.

## EAT PRINCESS PIE

Mr. and Mrs. G. W. Hogan and Mrs. William O'Donnell of Winchester were shopping in the city yesterday.

## DEPARTMENTS OF I. C. GIVE PROGRAM

The French, German and Spanish Departments of Illinois College held a joint meeting at Academy Hall Wednesday evening. Many students and friends of the college were present and the program presented proved very interesting and enjoyable. Miss Susanne Mayer, Miss Hilda Raetzmann, and Dr. R. O. Busey of the faculty had general charge. Each department presented a play and a group of songs which were well received. The French play "Cinderella" was delightful and was given by Jeanne Mayer, Eunice Williamson, Mabel Ruyle, Alice Alexander and George Govert. The German play "A Wandering Scholar From Paradise," carried the audience back into the sixteenth century when students roamed thru the country begging alms. The cast consisted of Mabel Ruyle, Arthur Howells and Edwin Miller. The program was concluded with a play by the Spanish department, "The First Dispute," successfully given by Lillian Swift, Margaret Johnson and Ellsworth Scott.

## MAIN DETOURS OF HIGHWAYS GIVEN

State Division of Highways Gives  
Out Information for Travelers  
—Traffic Between Quincy and  
Jacksonville Practically Cut  
Off.

Springfield, Ill.—(By the Associated Press.)—Main detours on highways under construction are listed in the weekly report of the state division of highways as follows:

"Chicago-Rockford-Galena. As this road is largely under construction the best route to travel would be to follow the Lincoln Highway thru Geneva to Cortland; thence thru Sycamore, Genoa and Belvidere to Rockford. From Rockford follow the Grant Highway to directly north of Winnebago; thence south one half mile; thence west wherever possible, turning south at all jogs. Turn north on Black Diamond Trail leading into Freeport from the south. From Freeport follow Grant Highway to Galena. Rock Island-La Salle. Main road under construction. Take road east thru Moline, crossing Rock River on Colona Bridge; thence east to Green River; thence south to first road leading east; thence east to Geneseo; thence east on oiled road and south to Atkinson, turning east just north of Atkinson to a point directly north of Annawan.

Thence south thru Annawan to the second road east, leading directly into Sheffield. From Sheffield follow the south road to Princeton. This route will avoid most of the construction. From Princeton to La Salle follow marked trail.

"Quincy-Danville. Practically all traffic between Quincy and Jacksonville is cut off on account of high waters of the Illinois River. Safe crossing may be made at Peoria and for Florence. The ferry at Valley City will be out of commission for several weeks.

"Flood waters have made traffic across the bridge at Beardstown impossible and this condition will probably continue for at least thirty days.

"From Jacksonville follow the so-called Old State road to Springfield; thence east on South Grand avenue thru Rochester and Mt. Auburn to Decatur. From Decatur follow the Ocean to Ocean Highway to Chrisman. From Chrisman follow the Dixie Highway to Danville.

"Jacksonville-East St. Louis. Construction operations have started north of Jerseyville toward Kane, on Bond Route No. 3, and the road will be closed within a few days. North of Carrollton the road is closed to Berdan, traffic being detoured as follows: Going north from Carrollton follow the concrete road 2½ miles, thence east one half mile, north 1½ miles to Ber-

dan, thence west one half mile and north to White Hall.

"East St. Louis-Ashley-Carbondale-Cairo. The road from East St. Louis thru Belleville to Mascoutah is in good condition but is closed from Mascoutah to the east Jefferson County line due to construction operations. Persons going east should follow the Lincoln Trail thru Carlyle and Salem, or follow the Belleville-Frederick-New Athens road thru St. Liberty to Nashville, following the north road from Nashville to Mt. Vernon. Traffic going south should follow this route to New Athens, thence southeast to Pinckneyville. All crossings of the Okaw river between Carlyle and New Athens are overflowed so that it is impossible to cross except at these two places, and this condition will possibly exist for the next five or six weeks.

"Between Ashley and Carbondale only one detour is necessary, this being between DeSoto and Carbondale. It is necessary to detour west from DeSoto, thru Murphysboro and back to Carbondale. From Carbondale to Anna the present road is in good condition with no detours necessary. A short detour is necessary south of Anna, but this road is passable. No detours are necessary between Anna and Cairo.

"Chicago - Peoria - East St. Louis. Recent high waters have damaged the pavement west of Pekin to such an extent that it will be several weeks before the road will be opened to traffic. All traffic between Peoria and Pekin should follow the Springfield road thru East Peoria; thence south approximately 12 miles to Groveland on the Tremont road; thence northwest to Pekin. This detour is in fair condition when earth roads are passable.

"All other portions of the Chicago-St. Louis road thru Peoria are in good condition. The detour remains between Bureau and Springfield Valley and is in fair condition for traffic.

"East St. Louis-Marshall-Chicago. The Old National road from East St. Louis to Marshall is in good condition with the exception of a 300-foot detour near Jewett which was caused by a bridge being washed out during recent high waters. The detour is generally in satisfactory condition.

"The Dixie Highway from Chicago to Marshall is in good condition excepting a 1½ mile detour immediately north of Marshall. This detour is on an earth road but is being constantly maintained."

## CERTIFICATES ARE GIVEN TO "I" MEN

Were Presented by Coach Harmon  
Thursday Morning—Cully Referred to as Best All Around  
Athlete Ever on Hill.

At the regular weekly student meeting held in Chapel this morning athletic certificates were presented to all men now in college who have been awarded the letter "I" in recognition of athletic ability. The athletic certificate has recently been adopted by the athletic association. It is a beautiful piece of work—printed from an engraved plate and has a large raised block letter "I" in Yale blue. The certificate is especially suited for framing and it will become a durable memento of athletic prowess. The men to whom certificates were awarded and the places where they live are: B. O. Cully, characterized by Coach Harmon as the greatest all-around athlete who ever trod the campus, Jacksonville; T. C. Ambros, Manchester; W. B. Calhoun, Franklin; H. K. Dolbow, Griggsville; F. M. Farrell, Jacksonville; M. W. Fiedling, Springfield; J. F. Florke, Jacksonville; G. W. Harney, Jacksonville; S. M. Peters, Bluff Springs; F. M. Thurmon, Roodhouse; all members of this year senior class. G. M. Burrus, Arenzville; B. J. Frazer, Shelbyville; H. B. Gunn, Jacksonville; E. H. Mellon, Barry; members of the Junior class. C. N. Jones, Springfield; S. H. Reid, Chapin; Glenn Riley, Perry; W. P. Roberts, Illinois; H. P. Rogers, Litchfield; C. A. Weber, Jacksonville; E. N. Witaschek, Carrollton, all sophomores. R. R. Brown, Dixon; L. A. Dale, Dixon; Paul Gard, Jacksonville; W. D. Ribelin, Roodhouse; J. C. Roberts, Illinois; members of the freshman class and William Russell, 17, Woodson.

The gold, silver and bronze medals for winners of the Cross Country Run of two miles, held some time ago, were awarded to Frank Douglas, Lawrence A. Dale, and Earl England, respectively. Douglas is from Jacksonville, Dale from Dixon, and England from Girard.

Football sweaters were awarded to the members of the 1921 team. All football men are required, by the athletic association regulations, to complete at least 12 semester hours of college work in order to be eligible to receive an emblem and sweater. The following men received beautiful white sweaters yesterday morning:

Capt. Cully, Capt. Elect Gunn, Manager Calhoun, Fiedling, Thurmon, Dolbow, Burrus, Mellon, Rogers, Jones, Reid, W. Roberts, Weber, Witaschek, Gard, Ribelin, J. Roberts and Dale. Of these men Cully, Calhoun, Fiedling, Thurmon, and Dolbow will be graduated in June.

Directors of the Controllable Auto Light Co. are told to hold a meeting Monday morning at 10 o'clock at the Chamber of Commerce rooms. At that time a number of matters of interest to directors and stockholders will be considered.

## BRIEFS

(By The Associated Press.)  
PARIS, Ill., May 18.—George Smith, 38, of Chrisman, Ill., while attempting to board a freight train near Mortimer, last night, fell under the wheels and was so badly injured that he died in a hospital here last night.

DULUTH, Minn., May 18.—Tenants above a millinery store sent in a call to police last night, that burglars were sawing into the safe beneath. When the riot squad arrived, they found the storekeeper snoring peacefully on a counter.

STERLING, ILL., May 18.—Every business house in Sterling closed this afternoon while citizens united in ceremonies attending the coming of Sterling's new community athletic field provided by the Association of Commerce at an expense of \$8,000. A parade and a ball game between Sterling American Legion and Davenport Iowa Independents were part of the activities.

DANVILLE, Ill., May 18.—The 45th annual synod of the Springfield diocese of the Episcopal church came to a close today. More than 150 delegates attended the sessions. The synod next year will be held in Decatur, the date to be decided by the executive committee.

LOS ANGELES, May 18.—The federal government thru department of justice bureau of investigation agents here will investigate the marriage of Roldolph Valentino, screen actor to Miss Winnifred Hudnut of New York at Mexicali, Mexico, it became known here today.

St. Louis, Mo., May 18.—Representatives of the Southwestern Millers' League and the Kansas City Board of Trade were cut short today when they attacked the desirability of the merchant marine act, before a sub-committee of the shipping board. The two witnesses referred to the act as "a penalty for use of foreign ships."

HANNIBAL, Mo., May 18.—Officials of the Burlington railroad announced last night that the locomotive department of the companies shops here would be closed down from May 22 to June 1. Approximately 500 men will be affected, it was stated. The coal strike was given as the reason for the order.

GALESBURG, Ill., May 18.—Small drifts of hail were still to be seen this morning at Abingdon, 10 miles from here as a result of the storm which swept there early yesterday, leaving hail drifted two feet deep in some places. Buds and leaves were stripped from fruit trees and strawberry beds were ruined. The damage was in a restricted area around Abingdon.

LINCOLN, Ill., May 18.—Mrs. Betsey Ann Vaughan, 83, grand mother of 10 and great grand mother of 32 children, ended her life at the home of her daughter here yesterday, by hanging herself with her apron. Ill health was the cause ascribed.

## CLUBS AND SOCIETY

Society Met Thursday.

A regular meeting of the Woman's Union of First Baptist church was held at the church Thursday afternoon. The program was of special interest, the theme being "An African Black-bird Pie," and Miss Mary Laurie was the leader of the afternoon. The president, Mrs. Jeanette Ogden, led in the discussion of the lesson theme.

At the close of the program came a social hour and the serving of delightful refreshments by the hostesses, Mrs. J. W. Chipchase, Mrs. C. H. Anderson and Mrs. Ogden.

## PARK BOARD HELD INFORMAL CONFERENCE

Swimming Pool Plans Will Soon  
Be Ready—Site Will Be Near  
Spillway at Nichols Park.

At the meeting of the park board held last night at the Chamber of Commerce rooms business discussed was mostly of a routine character. A. C. Metcalf presented some further facts with reference to the proposed swimming pool and said that the plan being prepared by the Caldwell Engineering Co. will be completed at an early date.

When members of the board returned from their visit to St. Louis parks they brought with them blue prints of the swimming pools used there and some features of the St. Louis construction are being incorporated into the Jacksonville plans.

It is the expectation that the pool will be constructed at a site west of the spillway at Nichols park, and not far distant from the site of the cottage which was removed a few months ago from the park property. This site has been chosen partially because of certain drainage facilities and further because the lay of the land is such that the construction cost could be kept to a minimum.

The work of laying the pipe for the water supply will proceed as rapidly as possible. The main there is to be extended from the pumping station along the right of way of the Chicago & Alton. The water supply is being secured jointly for use on the golf links and for the swimming pool.

The suggestion was made that a pipe line be laid to a point which would make a water supply available for use during the chautauqua and for campers. However, the cost of such an extension would be approximately \$500 and neither the park board or the chautauqua association has funds available to meet such an expense.

The board has under consideration the plan to take the Wabash park under its control.

Hugh E. Paddock, who, with his father, eGeorge E. Paddock, was accused of causing the Prohettstown, Ill., bank to close its doors, was found guilty today of conspiracy to operate confidence games. Twenty-three indictments were returned jointly and individually against the Paddocks on charges of forgery, embezzlement, confidence and larceny. The whereabouts of eGeorge E. Paddock has been unknown since January 1921 when he was supposed to appear in court. A ruling requiring private banks to become state banks was responsible for the original exposure of the bank's condition.

## Come, See the Western Electric Dishwasher and Kitchen Table

Another  
Item of  
Household  
Drudgery  
Eliminated

We have the electric  
washer, the sweeper,  
the toaster, and a  
dozen other labor  
savers in the home,  
and now—the dish-  
washer.

Of all the household tasks a woman has to do, none does she dislike more than that of dishwashing—it's a mean, slavish, disagreeable work—three times a day, no matter the weather, no matter how she feels, dip, dip, dip, into hot, greasy dishwater. But, now all this is eliminated in the home—ten to fifteen minutes does the trick, in a clean, pleasant manner.

## Here's How it Operates

First, the lower rack in the dishwasher is filled with plates, saucers and platters. The silverware is also placed in the proper compartments.

The upper rack is then put into the dishwasher, and cups, pitchers and glasses are placed in it.

When all the dishes are in place a tea kettle or an eight-quart bucket full of hot water in which a tablespoonful of washing powder has been put, is poured into the dishwasher and the lid is closed.

The motor is then switched on. This turns the paddle wheel which throws the water at great speed over and around every article, thoroughly cleaning all sides of dishes and silverware.

In eight minutes the dishes have been washed and are ready for rinsing. The water in the dishwasher is then drawn off and another eight quarts of boiling water for rinsing is poured in.

In three minutes, the dishes are rinsed and the motor is turned off. It is only necessary to

dry the silverware and glasses, which must be polished with a dry towel. By the time this is done, the china has dried of its own accord and is ready to be placed in the china closet.

The dishwashing has taken only 12 to 15 minutes, with practically no work on the part of the housewife and with no dipping of hands into hot greasy dishwater.

## WILL PRESENT REPORT ON STATE HIGHWAYS

L. R. Craig of this city will give report at U. C. T. convention in Deaton today as Chairman of Good Roads Committee.

L. R. Craig of this city left yesterday for Deaton to attend sessions of the U. C. T. convention being held there. Mr. Craig is chairman of the Good Roads committee of the state association and his report on highways of the state will be as follows:

**To the Officers and Members of**  
of A. Greeting:

"As chairman of the Good Roads committee I wish to make my seventh annual report.

"We have just gone through the worst period of bad earth in Illinois, caused by rainy weather and heavy traffic that we have had in the past twenty years.

"It only proves that our main highways must be made of hard surface to stand the usage and travel of today.

"During the year just passed, I have helped to get the Wabash railroad bridge flooded at Meredosia over the Illinois river. Now the traveling men can get into Western Illinois without using the ferry.

"The State Highway Commissioners Association will now be able to give the people of this state better roads than in the past.

"I have assisted the officials in getting Route No. 10 well underway and it will be completed this year from Danville to Jacksonville, making a number of important connections.

"I have represented the traveling men at the meeting of the United States Good Roads Association also have received a life membership in this body. The governor of each state selects the names of each life member to be elected by the Board of Directors of the association.

"I am now working on a plan to have all towns in Illinois connected with a better road system which will be a big help to all our craft to cover their territory in cars.

"I will recommend for the coming year that each subordinate council appoint a Good Roads committee consisting of five members, mailing the names to the chairman by July first as it will be necessary to make some changes in the road law by the incoming legislature and we must be organized to put over the changes.

Respectfully submitted,  
LEROY CRAIG,  
Chairman Good Roads Committee.

## WHY ARE SOME WOMEN POPULAR

happy, beloved and successful, while others drag out a negative existence of no use to themselves or anyone else. Except in a few cases the answer is to be found in a state of freedom from the troubles known as "female." The well woman radiates cheerfulness and serenity, while the ailing one repels because of her lack of these qualities. It is not necessary, however, to harbor aches and pains, and the "blues" that make one a detriment to society. The use of Lydia E. Pinkham's Vegetable Compound has brought relief to such women, and given them a new lease on life. Advt.

## Genuine Red Cedar Chest

Millions of dollars worth of clothing, furs, blankets and textile goods are destroyed every year by the ravages of moth-worms.

The United States Department of Agriculture recently had a series of tests conducted to determine the

value of Red Cedar Chests as protection against damage by moths. The Department's Report shows how these chests "are effective in protecting fabrics from clothes-moth attacks"—because "cedar chests do kill young larvae" (moth-worms.)

**This is Cedar Chest Week—May 15th to 20th**

We have a complete stock of these Chests ready for your inspection in a variety of styles, designs and prices, and in finishes which will match period furniture.

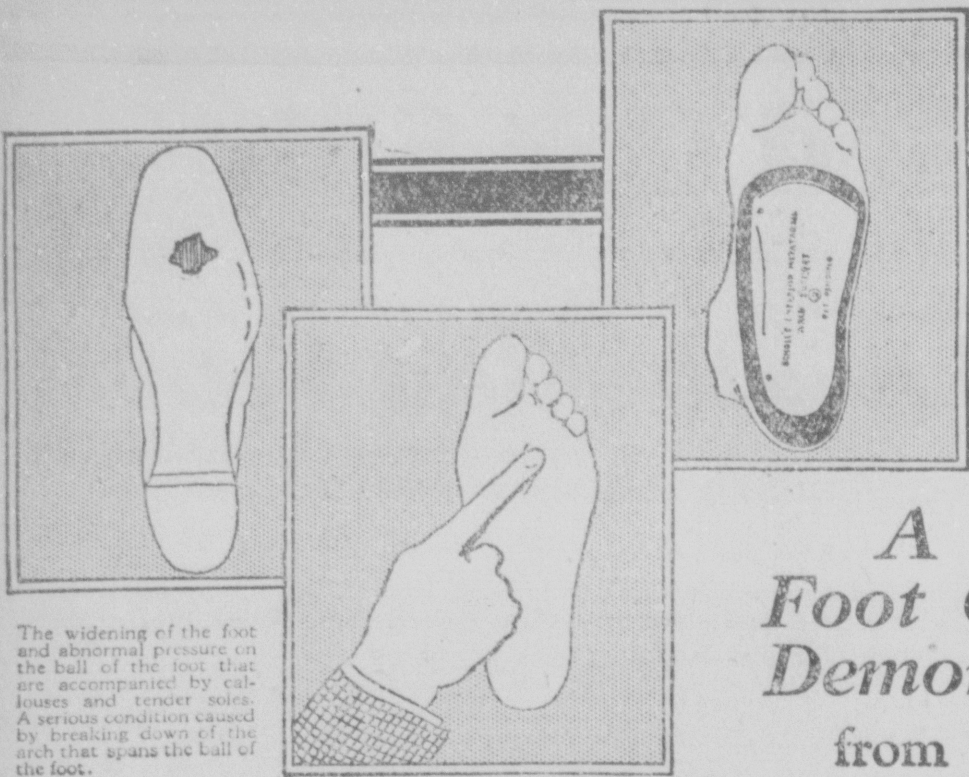

Now, when you are getting ready to lay away your Winter things, is the time to get one of these Chests and make sure of safe storage for your clothing and furs.

Come in and ask us for a copy of this valuable booklet. It tells what the Department of Agriculture tests proved about the value of Cedar Chests and how to care for your garments to insure their safety.

Your copy is here, ready for you, with our compliments—no charge.

### HI Y CLUB HELD REGULAR MEETING

Session Was Held in Central Christian Church—Officers Elected for Ensuing Year.

The Hi Y club held a meeting at the Central Christian church last evening. Miss Elinor Thompson of the faculty of the Illinois Womens College was chairman of the committee in charge of the supper, and a very appetizing meal was enjoyed by the 56 members who were in attendance. During the business meeting, which followed the luncheon, various matters were presented for discussion.

It was said that any boy interested in taking the self analysis test, who had not yet had an interview should see Mr. Findley. The matter of the sale of tickets for the band concert to be given at the High school this evening was reported upon by various captains, and a good showing was made. The matter of going to camp at the conclusion of the school term was then taken up. Eighteen boys showed their intentions of being desirous of going.

It was also decided to hold the last meeting of the Hi Y club next Tuesday evening at the Christian church at 5:45, at which time the newly elected officers of the club will be installed.

### MRS. RUTH BRYAN OWEN INTERVIEWED IN FLORIDA

Florida Paper Refers to Prominent Woman Whose Early Home Was in This City—Answers Questions in Interesting Way.

The Miami (Fla.) Daily Herald carries a daily feature on the editorial page under the heading, "We have with us today." Then below is a questionnaire answered each day by some prominent resident or visitor in Miami. In a recent issue Mrs. Ruth Bryan Owen, in the days of her childhood a resident of Jacksonville, answers the questionnaire. A clipping from the paper was sent to the Journal by Mrs. Sada Hurst (Andrews) Lett, a former resident of Jacksonville, and this questionnaire attracted her particular attention because she, like Mrs. Owen, was born in this city.

Mrs. Owen is now a lecturer and moving picture director. She is better known in Jacksonville thru a chautauqua visit in recent years than thru personal recollection.

Here are some of the questions Mrs. Owen answered:

Where were you born? In Jacksonville, Illinois.

What is your earliest recollection? My most vivid early recollection is that of being taken to sessions of congress by my father and of listening with rapt attention to the speeches.

What was your ambition as a girl? At different periods my ambitions were to be an author, an athlete who could break records by expanding the chest, a missionary to India, a jockey, member of congress, a trick bicyclist, a lawyer and a dramatist.

How did you happen to choose your present occupation? Through a combination of taste and chance.

If you had a dozen words in which to counsel a young woman starting out in life, what would you tell her? "I should tell her that happiness is a by-product of service and real achievement rather than a goal in itself; and that a woman's sphere is as wide as her sympathies and capabilities."

### COMMENCEMENT AT FRANKLIN HIGH

Dr. H. W. Sears Will Address Graduates Tonight—Alumni Will Entertain for Class Tomorrow Night.

Dr. H. W. Sears will deliver the annual commencement address to the senior class of Franklin community high school at Marquette hall this evening, and no doubt a large audience will be on hand to hear him. The members of the class consider themselves fortunate in securing Dr. Sears for the occasion.

The salutatory will be delivered by Miss Juanita Scott and the valedictory by Miss Kathleen Calhoun, village and country dividing these honors. There will be but two musical numbers on the program. Mrs. A. R. Seymour will play the commencement march and Dawson Darley a violin solo.

In conclusion B. E. Asplund, principal of the school, will present the class to the board of education, and M. B. Keplinger as president of the board will award to the members of the class the diplomas.

Alumni to Entertain In honor of the senior class of the high school, members of the alumni society will hold a reception and reunion at the school building Saturday evening, the guests including the high school faculty and board of education. After a short musical and literary program, refreshments will be served. The following committees have charge of the arrangements:

Program—Misses Lou Duncan, Ruth Tulpin, Blanche Harney, Dorothea Sargent and Dorothy Featherstone.

Decorations—Misses Anna Wright, Grace Armstrong and Mae Douglas, Cullen Sweet, Richard Whalen and Leonard Hills.

Refreshments—Misses Ruth McLamar, Maude Griswell, Allene Austin, Agnes Bergsneider, Margaret Puhl, Bertha Whitlock and Maude Anderton.

THREE DEGREES WILL BE GIVEN Ridgely Encampment No. 9, will give three degrees to a class of twelve candidates at the regular meeting to be held this evening. The Patriarchial, Golden Rule and Royal Purple degrees will be conferred. Candidates from Mercedosa, Waverly and Winchester are included in the class.

A large delegation of members from Prairie State Encampment of Springfield is expected to be present to witness the work. The degree staff under the captaincy of S. J. Carter has been rehearsing diligently for the event and expect to confer the work in a most efficient manner.

Following the degree work refreshments will be served under the direction of the following committee: C. H. Goodey, W. E. Thomson and Herman Opperman.

The first street railway in the world was the New York and Harlem road, built on the Bowery in New York City and opened for travel in 1825.

### SOCIETY

Hostess at Luncheon and Bridge.

Mrs. John Rose was the hostess at a charming one o'clock luncheon given yesterday at her home on West Lafayette avenue in honor of Mrs. John P. Meany of Jacksonville who is soon to leave for Ohio to make her home. Covers were laid for twelve guests and a delicious four course luncheon was served. An attractive color scheme of purple and white was carried out with garden flowers and pretty favors, uring the afternoon three tables of bridge were made up and the hours pleasantly spent in playing. Among out of town guests at the luncheon were, Mrs. J. O. Cain of Carrollton and Mrs. Frank Flynn of Woodson.

Centenary Ladies Have Social.

The Ladies Aid society of Centenary church had a most enjoyable May birthday social yesterday afternoon in the church parlors. The hostesses for the affair were:

Mrs. Anna Norton, Chairman; Mrs. William Wilkinson, Mrs. Ellsworth Wells, Mrs. Anna Baldwin, Mrs. C. D. Robertson, Mrs. John Godfrey.

The afternoon was given over to a delightful social time and during the hours attractive refreshments were served.

Entertain for Mrs. Meany.

A delightful dinner bridge was given last evening at the Peacock Inn in honor of Mrs. John Meany of this city who is soon to go to Lima, Ohio to make her home. The party was given by the members of the bridge club to which Mrs. Meany belongs and was in the nature of a farewell party. Dinner was served at six o'clock in the blue room and covers were laid for twelve guests. The blue room was attractively arranged with garden flowers and roses and following the serving of a delicious dinner menu, the evening was spent in playing cards. This was one of several social functions that have been given in Mrs. Meany's honor.

Missionary Society of Northminster Meets.

The Woman's Home and Foreign Missionary Society held its regular meeting Thursday afternoon at the church. Mrs. Carrie Joquin was devotional leader in the absence of Mrs. Myrtle Moore. After very interesting devotional exercises Mrs. Lorine Ferreira had charge of the literary work. She gave a very interesting talk on work done in Latin America and Spanish speaking people in the southwest. After the regular business the meeting was adjourned and delicious refreshments were served and a social time was enjoyed.

Class Picnic at Park.

The members of the Delta Alpha Class of Central Christian church enjoyed a picnic last evening at Nichols Park. The class is taught by Mrs. George Douglas and has about twenty young girls as members. The young people went out to the park late in the afternoon and at six o'clock a delicious picnic supper was served. The rest of the time was spent in a social way and every one had a most enjoyable time.

Entertain at Bridge.

A delightful evening bridge party was given last night by Mr. and Mrs. Eugene Caldwell at their home on West College avenue. Several tables of cards were made up and the hours were spent in playing. After the bridge an attractive luncheon was served. Garden flowers were used in lovely house decorations for the occasion.

Hostess to Seniors and Faculty Women.

Mrs. Jeanette Ogden was the hostess at a picnic supper given at Nichols Park Wednesday evening for the senior girls of the Illinois College, the women of the faculty and the wives of the faculty men. The hours were from four to eight o'clock and was a most pleasant affair. A delicious picnic menu was served at six o'clock and the remainder of the time was spent in a social way.

Young Women Enjoy Picnic.

A number of young women were the guests at a picnic supper given at Nichols Park by Miss Violet Davis. The affair was given in honor of some of the public school teachers who are not to be in Jacksonville next year. A fine picnic supper was cooked over the fire and every one had a most enjoyable time. The guests included Miss Hollis Coons, Miss Mary Brown, Miss Spencer, Mrs. Nathalie Serber, Miss Louise Roberts and Miss Cooper.

Philathea Circle Give Party at Old People's Home.

The girls of the Philathea Circle of Central Christian church gave their annual party last evening for the residents at the Old People's Home. The young ladies had planned a most entertaining program and the affair was a great treat for the people at the home. At the opening of the program the members of the circle joined in the singing of old time songs, including many of the old favorite folk songs. The other part of the program was a play, "The Ideal Husband," written by Ellis Parker Butler. The characters were taken as follows: Grandma Gregg—Miss Katie V. Clarkson. Pauline—Miss Velma Van Hynning. Susan Jane Jones—Miss Ruth Henderson.

Birthday Dinner For Mrs. F. L. Story.

A surprise birthday dinner was given Thursday for Mrs. Frank L. Story at her home on the Vandalla Road. The guests brought well filled baskets and the time was enjoyably spent during the noon hour. Those present were: Mrs. P. F. Patterson, Mrs. Carl Myers, Mrs. Lou Fanning and granddaughter, Mrs. Charles Curtis and children, Russell, Martha and Mary James, Mr. and Mrs. Warren Blasing and family and Mrs. P. J. Wilson.

Gave Family Dinner.

Mrs. William Paschall entertained at a family dinner at her home near Markham yesterday in honor of her niece, Mrs. Charles Fulton of Chehalis, Wash., who is the guest of relatives in the country. A splendid dinner was served cafeteria style to a company of about twenty four, all members of the family and a pleasant time was spent afterward in a social way. Those present in addition to the guest of honor were: Mrs. John Coleman and daughter, Mrs. Ellen of Beardstown; Mrs. Emma Cully of Joy Prairie; Thomas Paschall, Mr. and Mrs. John Paschall, Mr. and Mrs. Douglas Hunt, Miss Myrtle Paschall, Mrs. Rachel Peters, Miss Nettie Nash, Mrs. Lois Williams and children and Mrs. Gertrude Richardson.

Helping Class of Hebrew Church Met.

The regular meeting of the members of the Hebrew church Helping Class was held Thursday afternoon at the home of Mrs. Albert Hopper near Sinclair. The hostess was in charge of the devotional exercises, while Mrs. Robin Strawn was the program leader. Roll call was responded to with the name of a Bible character. The regular program was followed by a social hour and the serving of refreshments by the hostess. The guests of the afternoon were Mrs. Hattie Martin and Mrs. Frank Green.

Mrs. George Brown is Hostess to Noble Grands.

Mrs. George Brown of East College avenue was hostess to the members of the Past Noble Grand club of Jacksonville Rebekah Lodge No. 13, Thursday evening. After the business session the hours were pleasantly spent in

conversation and the hostess served dainty refreshments. The next meeting will be held with Mrs. Trabue 617 Hardin avenue Thursday evening, June 15.

KIWANIANS HEARD ADDRESS ON POET

A. MacArthur of Traverse City, Mich., Told Club Members Facts About James Whitcomb Riley at Thursday Luncheon—Dr. Covington Also Spoke.

At the weekly luncheon of the Kiwanis club at the Peacock Inn Thursday noon the principal speaker was A. MacArthur of Traverse City, Mich., who spoke on the subject, "Intimate Recollections of James Whitcomb Riley."

The meeting was called to order by President F. E. Farrell, who introduced Cole Rowe as the chairman of the day. The attendance prizes were won by Mr. Rowe and H. E. Wheeler.

Mr. MacArthur told many incidents connected with the life of Riley and gave his hearers an intimate insight into many phases of the poet's character of which the general public has little knowledge. Mr. MacArthur also recited a number of Riley's poems, this feature adding materially to the interest of the occasion.

At the close of Mr. MacArthur's talk Dr. P. D. Covington of the Rockefeller Foundation made brief remarks, dealing especially with the health program which is now being mapped out for this county. Dr. R. V. Brokaw, the newly appointed health officer of the county, was also present and was introduced to the guests already mentioned, others present were W. E. Sullivan, Earl Spink and Dr. C. P. Powell of this city.

## We Know How to Care for Batteries

We've been in the battery business  
long enough to know all the things  
that can possibly happen to a bat-  
tery, how serious they are, and  
whether it will pay to fix what's  
wrong.

On top of that we know exactly  
how to do all kinds of battery work.

## MISSIONARY WORKERS MET HERE THURSDAY

Convention of Quincy District  
Opened in Bethel A. M. E.  
Church—Sessions Will Continue  
Today.

The 12th annual meeting of  
the stewards' missionary depart-  
ment and the 30th annual assem-  
bling of the Women's Mite Mis-  
sionary society of the Quincy dis-  
trict of the A. M. E. church met in  
joint session at Bethel A. M. E.  
church yesterday morning. It  
was indeed a fine assembling of  
persons devoted to the great cause  
of Missions and the sessions throu-  
out were helpful and inspiring.

President Elder, Rev. George  
A. Brown of Springfield was in  
the chair and opened the meeting  
with suitable remarks and admin-  
istered the Lord's Supper and af-  
ter the meeting was turned over  
to the Stewardesses with Mrs.  
George A. Brown in the chair.  
The lady at once took charge and  
proceeded with the business of  
the session. The following dele-  
gates were present and gave good  
reports of the work in their local  
fields.

Delegates—Alma Bazile, Anna  
Powers, J. W. Powers, Quincy;  
G. W. Jones, Mary Burton, Maggie  
Jones, Alice Price, P. Price M. E.  
Crawling, W. Blackwell, Spring-  
field; Maggie Osborn, F. Gray,  
Belle Howard, Ida Novell, Etta  
Otey, S. B. Jones, Sarah Jones,  
Frances Williams, Alton; Mary  
Caldwell, E. St. Louis; A. Thom-  
as, Edwardsville; T. D. Huff,  
Queensville; E. St. Louis; Cra  
Ray, Madison; Lee Wright, Goldie  
Wright, Collinsville; Rebecca  
Hughes, Lovejoy; Mamie Rhodes,  
Charles Tinsley, Lebanon; Gabriel  
Darwin, Taylorville; Charles Vivi-  
an, Belleville.

The following officers were  
elected for the ensuing year: Sec-  
retary, Mrs. S. B. Jones, Alton;  
Assistant Secretary, Mrs. Ida Nor-  
vell North Alton; Treasurer, Mrs.  
Maggie Osborn, Upper Alton.

The following committees were  
named: Memoirs, Mrs. Belle How-  
ard of Alton, Mrs. Mary Bell of  
Jacksonville and Mrs. Anna Pow-  
ers of Quincy; Resolutions, Mrs.  
Huff of East St. Louis, Mrs.  
Frances Williams of Alton, Mrs.  
Etta Otey of Alton; Press, Mrs.  
Amanda Caldwell of E. St. Louis,  
Mrs. Hattie Wilbur of Jackson-  
ville. The reports of each charge  
showed decided improvement over  
last year.

Rev. A. E. Todd, pastor of the  
M. E. church and Rev. Dr. Snow-  
den, pastor of Mt. Emory Baptist  
church, were introduced to the  
convention. Rev. R. H. Hackley  
presented S. W. Nichols to the con-  
vention remarking that the gen-  
tleman had been with the church  
and school fifty-seven years and  
had been identified with the work  
in a prominent manner during  
that time. Presiding Elder Brown  
spoke freely of the warm friend-  
ship that existed between his  
sainted father, Bishop Brown, and  
Mr. Nichols. Mr. Nichols spoke  
briefly, telling some of his experi-  
ences and observations in heathen  
lands and the good work done  
there.

The convention then adjourned  
for dinner which was prepared in  
the community rooms of the  
church. The good things provid-  
ed by the various auxiliaries of  
the church were highly commended  
by the visitors.

Afternoon Session  
A good meeting assembled af-  
ter dinner and a fine program was

enjoyed. Excellent papers were  
read by Mrs. G. W. Jones of  
Springfield on A Stewards' Du-  
ty and Mrs. S. B. Jones of Alton  
on Children of Missionaries.  
Both papers were discussed at  
length by the convention. Other  
matters of interest had their place  
and the convention then adjourned  
to enjoy an excellent supper.

Evening Session  
The principal feature of the  
evening was an excellent sermon  
by Rev. S. B. Jones of Alton. The  
reverend gentleman took for his  
text, "Words of the Master." The  
harvest truly is plenteous but the  
laborers are few. Pray ye there-  
fore that the Lord of the harvest  
that He will send laborers into  
the harvest. A few thoughts are  
offered:

Nature was the chief book from  
which our Savior drew. His most  
impressive lessons. The lessons  
drawn from the vine, the fig tree,  
the lily, will ever remain as the  
sources of the highest moral and  
religious truths. Coming down  
from the mount at harvest time  
He passed thru rich fields of grain  
ready for the harvest. The at-  
tention of the disciples was direct-  
ed to the golden grain but Jesus  
chose of the multitude of souls that  
followed Him, some thru curi-  
osity and some from other motives,  
some to be with the crowd and  
some because they loved him. Je-  
sus pointing to the sea of humani-  
ty said, "look" and uttered the  
word of the text. These words  
strike with force every christian  
heart of today. Never in the past  
has the church of Christ had such  
an opportunity to teach the prin-  
ciples on which it is founded as it  
has today. Never before has per-  
sonal religion had a grander op-  
portunity to prove its worth and  
influence than today. Let consec-  
rated christians pray everywhere  
that the Lord will send forth la-  
borers into the harvest.

The program as printed will be  
carried out as far as possible to-  
day. While residents of the city  
have generously placed their au-  
tomobiles at the command of re-  
creation and the members are  
to start from the church about  
four p. m. and enjoy a ride about  
the city, Nichols park and the  
state institutions.

Notes  
Rev. R. Hackley, pastor of Beth-  
el church makes a splendid host  
ably assisted by his capable wife  
and the good people of the church.  
Presiding Elder, Rev. George  
A. Brown, greatly resembles his  
noble father who wrought so man-  
fully and successfully for the good  
cause. His wife is a very able  
lady and presides with grace and  
skill.

Among the ministers present  
are Rev. S. B. Jones, Rev. F.  
Grey and Rev. J. H. Powers of  
Alton and Rev. G. W. Jones of  
Springfield.

Prof. A. E. Malone, who is to  
speak this a. m. has a large insti-  
tution called Pro College in St.  
Louis and here he teaches a num-  
ber of things and manufactures  
various articles which are sold  
through thousands of agents. His  
business amounts to several thou-  
sand of dollars a day. He is to  
be the guest of Dr. Kennibrew  
while in the city.

The oldest minister present is  
Rev. Fleming Grey of Alton. He  
is 72 years of age and is the old-  
est minister actively engaged in  
the work in the district. He is  
located at Upper Alton. He joined  
the conference in 1874.

The various ladies' auxiliaries  
of the church had charge of the  
meals and in general wrought  
faithfully and well in advancing  
the interests of the convention.

The good people of the church  
and some of their neighbors gen-  
erously opened their homes to the  
visiting delegates and showed  
abundant hospitality.

The local missionary society of  
the pastor's wife, Mrs. Ida Hack-  
ley is president, has on display a  
large number of samples of sew-  
ing on the shape of garments ad-  
mirably made in pleasing variety.

## H. W. SEARS WILL DELIVER ADDRESS

Address to Graduating Class of  
the High School.

It was announced from the  
superintendent's office yesterday  
that H. W. Sears has been se-  
cured to deliver the commencement  
address at the high school grad-  
uating exercises. Mr. Sears,  
popularly known as "Dad" Sears  
is well known to Jacksonville  
people, from the fact that he  
conducted a series of revival meet-  
ings at a local church recently.  
The subject of his address will be  
"Crisis of Life."

As next week is the last week  
of the school year in the public  
schools, the final examinations  
will be given and the closing  
exercises for the year will be held  
at the various schools. The  
faculty members in the high  
school and the Junior high school  
are working on the examination  
schedule and all the work will be  
finished by the end of the week.  
The certifying exercises for the  
Junior high will be held at two  
thirty o'clock Friday afternoon  
and a program will be presented  
at this time. The high school  
year will close with the com-  
mencement exercises to be held  
in the high school auditorium  
Friday night, May 26th, at  
eight fifteen o'clock.

The program of examinations  
to be followed in the grade  
schools next week has been an-  
nounced as given below:

Monday, May 22, A. M.—  
Geography; P. M.—History.

church at Danville. The sessions  
of the synod were held in the  
church of the Holy Trinity.

Rev. J. F. Langston was elected  
deputy clerical delegate to the  
general convention to meet at  
Portland, Oregon, beginning Sep-  
tember 6th. H. M. Andre was  
chosen deputy lay delegate.

Fred C. Moorehouse, of Mil-  
waukee, publisher of the "Living  
Church," made the principal ad-  
dress on missions at the mission-  
ary meeting. The address was a  
fine effort.

The synod conducted was the  
47th annual gathering of the  
body. The sessions were success-  
ful and inspiring.

spent her girlhood days here and  
will be remembered by many.The F. W. M. S. Band, under  
direction of Mr. J. R. Wil-  
day, played at the home of Mr.  
and Mrs. Berthelsen on Wednes-  
day. Both dinner and supper were  
served at the M. E. church. At the  
evening session Miss Edna Bacon  
a returned missionary from Bud-  
nan, India, addressed a good audi-  
ence. Among those from out of  
town who attended were Mrs. F.  
N. Wells of Pittsfield, district  
president; Mrs. Garnett Smith ofQuincy, vice president; Mrs. C. A.  
Wells of Quincy, corresponding  
secretary; Mrs. D. L. Musselman

FARMERS SHOULD

give more thought to the purity of  
the drinking water supply, accord-  
ing to E. W. Lehmann of the De-  
partment of Farm Mechanics of the  
University of Illinois. Mr.  
Lehmann's suggestions on the con-  
struction and care of wells and  
cisterns follow:"Give careful consideration to  
location from the standpoint of  
sanitation, as well as convenience  
and cost.""Guard against surface drain-  
age water getting into supply at  
or near the surface.""Provide a tight curb, so no  
water can sweep directly into sup-  
ply without passing through eight  
or twelve feet of earth.""Extend curb above the surface  
of the ground.""Make the top tight so no waste  
material or water can enter at  
this point.""Provide a distinct slope away  
from the slope so all water  
drains away.""If cistern is used collect water  
only after the roof is clean.""Always guard the supply rather  
than try to correct impurities."I have a few corn planters  
and disc harrows that I will  
offer at greatly reduced  
prices. All standard makes.

## MRS. KESSINGER GIVES VIEWS ON HIGH SCHOOL

Donor of Land and Building For Community High School Sees Danger in Proposal to Dissolve the Present District.

In view of the discussions now prevailing in the territory surrounding Chapin, concerning the proposed election to vote out the present Community High School district, the latter which follows will be of interest.

It is in reply to a letter sent by one of the most active opponents to the present district, and, incidentally, a heavy tax payer. The letter from Chapin, sent to Mrs. Rena French Kessinger of Rome, New York, was written about the third week in March, some time before the petition for an election was presented to Mr. Vasconcellos, County Superintendent of Schools.

The question was asked of Mrs. Kessinger if she would agree to return the present High School property, if the present district were voted out. Her reply follows:

"Rome, New York  
March 28, 1922

My Dear Mr. ....  
Your letter regarding the High School would have been answered before, but we have been very busy preparing for a wedding here.

"In relation to the school, it seems to me, that if any question goes to a vote there, it should not be under confusing impressions, or any possibility of false impressions.

"I certainly would not agree to return the property should the present district be voted out, unless there were absolutely definite assurances that an enlarged district would follow, and I do not see how such assurance is possible. An agreement now, by me, to return the property, might be construed as an argument in favor of voting out the present district. In the hope of securing a larger district, when in fact, there seems to be, at present, a subterranean, as well as an open effort being made to prevent the ultimate materialization of a larger district. In effect, people who want a community high school, might be misled by the procedure taken as a whole, if they voted out the present district and the larger district failed to follow.

"I understand there is pending (or has been) legislation at Springfield, to permit enlargement of Community High School districts. If not, legislation could be sought. Such things are readily done in this state. Then, the present district could be enlarged by the addition of territory whose inhabitants wish to come in, and there would not be need of any misunderstanding caused by circumstances and conditions not apparent to the ordinary voter.

"As the matter stands, I will not agree to return the property.

because I am not satisfied that the result would be what the community really wants.

"It is not necessary to remind you, (or the lawyer who wrote the letter you sent,) that I am one of the largest, if not the largest, individual tax payer in the district. I have no children and no one to send to school there, but I am interested in my old home community, and am pleased to help pay the taxes for the running expenses of the school, which the people voted for and accepted. I have no reason to believe that people really do not want it. If the whole question is fairly and quite openly put before them, and I will make no agreements of any sort which might merely be used as a subterfuge to destroy the entire project.

"Before this property was given to the taxpayers, the whole proposition was before the people for ample discussion. It was discussed, was voted upon and was accepted. The school was not tech who always object to spending money or paying taxes for the public good. You state that some of the best citizens favor the change. I would be glad to hear from such 'best citizens' individually and directly so I could know from them, personally, who they are, and what are their views.

"When I was at home last fall, I heard from many sources, rumors of the real attitude of a group of men toward the high school—and the taxes! And I was disappointed, in the case of some of that group.

"As you well know, that property was given in perfectly good faith, and with the idea, (and an absolute unselfish one,) of benefitting and helping my old home community. It was to be as a memorial to my father and mother, whose ideals of service, aid to others, you, and other voters who now wish a change of some sort, are entirely familiar with.

"It would seem that the purpose of decent memorial, is certainly being defeated by the constant spirit of antagonism of one kind or another which surrounds the high school subject. Instead of being a memorial, it has seemed like a 'storm-center.'

"With kind remembrance to your family, I remain,

Yours truly  
Rena French Kessinger

Upon investigation, it has also been learned that the deed, giving the Charles S. French homestead and five acres of land surrounding it, to School District No. 20 has been in the hands of the secretary of the Board of Education of the Chapin Schools for over two years. This deed, therefore, passed out of the hands of Mrs. Rena French Kessinger, at about the time the property was accepted by a vote of the people, to be used as a high school building and playground.

## BANNER COUNTY IN MORE THAN NAME

HARRISBURG, NEB.—Persistent appeals on the part of Miss Mary Hyland, chief of the state bureau of vital statistics, for a report on divorces in Banner County for the year 1921 finally elicited the following short and laconic reply from E. D. Wilson, county clerk:

We love our wives out here. There were no divorces in Banner county in 1921. I have written you this fact several times in answer to your persistent call.

We cannot promise as much for the current year, however, as we have one, solitary divorce in 1919 or 1920.

The county is located in the far corner of Western Nebraska, bordering the Colorado line.

## WHITE HALL PEOPLE RETURN FROM FAR EAST

H. L. Griswold and Sister Arrive Home After Tour of Far East—Other White Hall News.

WHITE HALL, May 18.—H. L. Griswold and sister, Miss Jessie, arrived home Tuesday night from their tour of the Far East, covering four months, and Mr. Griswold's most outstanding declaration is his complete conversion to the value of foreign mission enterprises. He is not so sure about the foisting of American religious ideals upon the mongolians, but in the educating influences of the missions there is a value that is eagerly grasped by the people of the yellow race. The medical schools and hospitals thus supported are eagerly sought to the utmost by the natives. The Griswolds first visited Manila, P. I., and thence to Hong Kong, Shanghai and the interior of China, where a much better and more adequate idea of the people is obtained than is possible in the port cities, where the influences of their contact with world commerce is apparent, and where the foreigners engaged in commerce live, lives right up to the hilt in rapidity. Manchuria and Korea were in their itinerary, and considerable of a stay was made in Japan, returning via Vancouver, B. C. Mr. Griswold relates that Southern China is a network of 200,000 miles of canals for both drainage and commercial purposes, and that this area is devoid of wheeled vehicles. They ate cooked vegetables, and came thru the entire journey without illness.

Attorney and Mrs. Grant Foreman were in France at last accounts on their final stages of a year's journey around the world.

It turns out that the apple crop in Greene county will be short. This situation is presented in a statement by A. L. McClay, the leading grower, that his crop will amount to about fifty percent of normal. Mr. McClay failed to spray last year following the total crop failure, and there is now discovered blight that is most pronounced in the McClay orchard. The Thomas orchard adjoining shows slight blight, and it is said to be the most promising orchard in this field. Mr. Thomas sprayed last year as usual. The fact that the McCauley orchard constitutes the bulk of the apple acreage of Greene county means that we are to have a shortage of apples. Growers declare that the April frosts have nothing to do with this sudden discovery of a shortage.

The handsome silk flags on display in Dossel's window represent the gift of the city council to the American Legion post, and they will be formally presented to the post in connection with Decoration Day exercises May 30th. The color stand includes an American flag and an American Legion banner, each 5x7, and cost \$145.00. They are mounted on ten-foot poles.

The state G. A. R. encampment at Alton this week attracted S. J. Rike, J. S. Baker, A. A. Lorton and Jhn F. Cole from White Hall G. A. R. circles.

## DAILY VACATION BIBLE SCHOOL

(As seen by Rev. W. H. March)

Beginning Monday, June 5th and closing Friday, June 30.

This will be a Bible school. To make the Bible better known is one of the chief purposes of the school. A fifteen minute period of Bible Memory work will be held each day. A thirty-minute period of Bible Story-telling Bible dramatics, Bible teaching, will be engaged in daily. At least one third of the time each day will center about the Bible. This does not include the related activities in craft work, where handwork of various types will be related to Bible themes and stories.

Then too, this is to be a school. Regularity, promptness, discipline, and the order characterizing our best schools will be sought after in the conducting of this school.

Better Americans will be trained in this school. Flag salutes each day, patriotic and citizenship talks and exercises, the memorizing of national hymns will occupy a prominent place in the daily program.

The school will be conducted under the best leadership available. A limit to be made upon the number enrolled, so that late seekers for entrance may find it impossible to attend. Parents desirous of having their children attend this school should have them enrolled as soon as possible. Watch for more specific announcements shortly.

## HIGH SCHOOL MEN RECEIVED LETTERS

Eighteen Men Are Awarded J's at School Yesterday Morning—Hunt Only One to Win Three Letters.

Eighteen high school athletes were awarded athletic certificates at exercises held yesterday morning at Jacksonville High School. At this time the J's for basketball and track were awarded and athletic honors for the year conferred. Coach John Mitchell made a short talk and gave out the certificates and letters to the men. Certificates for work in football were awarded to the following men: E. Arnold, Goebel, Camm, Hackett, Bracewell, Putnam, Arter, Hunt, Lewis, C. Hopper, Corbridge, R. Arnold and Knapler.

Certificates in basketball were awarded to Hunter, Deatherage and Houston. Kamm was awarded a certificate for participation in track work. Palmer Hunt was the only man to receive three letters during the year. Hunt earned honors in foot ball, basket ball and track.

The men to whom basket ball letters were awarded were: Arter, Hunt, Deatherage, Goebel, Lewis, Houston, Putnam, Hackett, H. Hopper and Hunter. Houston, Kamm and Hunt were given J's for track work.

Jacksonville high school has three athletes entered in the annual interscholastic Track and Field Meet, at the University of Illinois. Coach Mitchell, in company with his men left last evening for Champaign to attend the meet which will be held there today and tomorrow. Houston will compete in the shot put and McNamara and Capps are entered in the Golf tournament. These three men have done work of such quality this season as to justify their entering the state meet and the local high school is looking forward to the winning of honors by its representatives.

## Pacific Northwest Portland—hub of the scenic Columbia River Region

FROM high Council Crest in Portland, what vistas of beauty! Forests, mountains and rivers—the Willamette and lordly Columbia. Snow-capped Mt. Hood glistening like a diamond set in green velvet—and in the distance, those other great snow mountains, St. Helens and Adams.

What a world for motoring! The matchless Columbia River Highway, through the lofty gorge where Multnomah, nearly 700 feet high, and her many sister waterfalls tumble into the river.

**Annual Rose Festival**  
Ten months of the year Portland is all abloom with roses. During the Rose Festival June 20-23, her hospitable people hold high carnival and welcome thousands of visitors.

A great out-doors, always fresh and green. Summer temperature 60° to 80° and almost no rain. Sports on water, at country club, in forests or on glacial heights. A vacation with a new thrill every day.

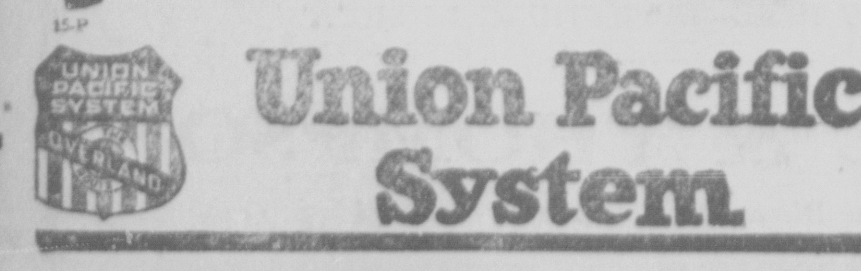

**WRITE FOR FREE BOOKLET**  
You can get a picture of it from our illustrated booklet, "The Pacific Northwest and Alaska." Write for it. Then you will want to go. June is a splendid month.

On the way visit Denver, Rocky Mountain (Estes) Park and Salt Lake City. Make side trip to Yellowstone, Crater Lake and Mt. Rainier National Parks.

Splendid service from Kansas City to Portland, Tacoma and Seattle by the PACIFIC COAST LIMITED.

**Fares Greatly Reduced** and War Tax Gone

## SCHAEFFER RETAINS THE CHAMPIONSHIP

CHICAGO, May 18. — Young Jake Schaeffer toyed with Walker Cochran in the final bloc of their world's championship 18.2 ball-line billiard match tonight and retained his title by defeating the young Pacific coast star 1500 to 1333. Schaeffer won tonight's block 500 to 414.

The score of tonight's bloc does not tell the real story of the champion's remarkable shooting in the final block. While he did not click off any remarkably high runs, his generalship in handling the balls brought repeated applause. Schaeffer undoubtedly could have ended the match sooner, but he elected to give the audience some thrills near the end by deliberately playing seemingly impossible shots. As one spectator said he seemed to be "making up shots." Once he fell down on one of these and Cochran threatened for a moment with a run of 166.

Schaeffer now holds unquestioned supremacy in the billiard world, having defended his title against Willie Hoppe and Cochran, his two most formidable opponents. He does not have to play again until fall, when he meets Roger Conti, the French champion.

Leading Cochran 1,000 to 919 Schaeffer began tonight's play with a run of 94, which with last night's four, made 98 for the 29th inning of total play. Cochran missed two cushion shots in his two innings, Jake getting one in his second and 15 in the next frame, missing on a slow one along the end rail.

Jake's leaves were too hard for Walker at the start and the latter scored only three in his third frame and one in the next. Schaeffer missed in his fourth inning missing both balls. An overplayed masse gave the champion 32 in his next try, but he was penalized one point for the previous miscue. A beautiful exhibition of nursing scored 99 for Cochran. He drove the balls only once and frequently did not move any of the three more than one inch.

Schaeffer then clicked off 115 by some clever work. He reached 75 on close play but the balls then scattered and he made 14 two, three, four and five cushion points before again grouping them. This miss was on a difficult masse. The score then stood:

Schaeffer, 1,256.  
Cochran, 1,022.

Cochran's sixth inning of tonight's play gave him 34 and then he drew a lineup, narrowly missing a three cushion bank.

Schaeffer then scored 24 and seemed on the way to a long run but failed on a simple one cushion shot thru a slight miscue. Walker was unable to take advantage of the slip, running only seven in his seventh frame.

Jake, in his eighth frame gave another wonderful exhibition of all around play, adding 115 to his score and giving him a 329 point lead.

The total score then was:  
Schaeffer, 1,392.  
Cochran, 1,063.

Cochran, after scoring 79, had all three balls together but played a difficult cushion first shot and missed when he could have made an easy carom.

Schaeffer got 8 one on a kiss but could not group the balls.

**TO HONOR CIVIL WAR VETERAN**  
ELGIN, ILL.—Plans to honor the memory of the first Illinois boy who enlisted for service in the Civil War. In response to the call of President Abraham Lincoln, are being considered by the Elgin post of the American Legion. The G. A. R. veteran who had this enviable distinction was George H. Wheeler, formerly of this city, who died on Feb. 25, in Sautelle, California. He was 81 years old.

"George" Wheeler was 20 years old and a pupil in Elgin High school when President Lincoln called for 75,000 volunteers. He left school secured a mass meeting by posting notices over the town, and led the Elgin boys, by first signing his name, as a volunteer for Company A, of the Seventh Regiment. He entered the war as a private, but was discharged after being wounded, with the rank of captain.

## INDEES HAVE NEW SOUTHPAW SIGNED

Don Wood Will Play With Local Team This Year—Schedule of Games for Next Six Weeks.

Manager Frank Smith of the Indies announced yesterday the signing of Don Wood, southpaw hurler for the Indies for the coming season. Wood is said to be a good hurler and will be a big help to the Indies hurling staff. He may work a few innings against Roberts Brothers, Sunday.

Smith also has elected the men who will be in the regular lineup for the coming season. Several workouts this week will get the men used to working together and they should be in good shape Sunday for Roberts Brothers, one of the strongest teams in this part of the country.

The schedule for the next six weeks is given hereunder:  
May 21—Roberts Brothers.  
May 28—Riverton Indies.  
June 4—Decatur Federals.  
June 11—Thayer Nationals.  
June 18—Virden Slovaks.  
June 25—Dawson Indies.

## MATERIAL DOWNTURNS IN WHEAT VALUES

By Associated Press.  
CHICAGO, May 18.—Material downturns in the value of wheat placed today, largely as a result of reported increase in consignment notices from the country. The market closed unsettled at 1c to 1c net decline, with May \$1.41 1/2 to \$1.42 and July \$1.26 1/2 to \$1.27 1/2. Corn finished 1c to 1c lower, oats 3/4 to 1c off and provisions varying from unchanged figures to advance.

Weakness in the price of the May delivery of wheat became apparent soon after the opening and deepened at a rapid rate during the last half hour. The leading seller was a speculator whose favorite position is on the bear side of the market. In addition to prospective larger arrivals of wheat here the prevailing cool wet weather, regarded as likely to improve the condition of the winter crop and of the spring crop as well, did a good deal to depress demand. Besides foreign demand was slow despite reports that France was after new crop wheat. Renewal of an estimate that 66,000,000 bushels still remained available for export from Argentina counted as a depressing factor.

Today's liberal receipts of wheat here and at other points helped to discount talk of any immediate scarcity. Chicago receipts totalled 158 car loads. Deliveries on May contracts here were 161,000 bushels, mixed with wheat and notwithstanding that rains tended to delay the completion of corn planting.

## CASH GRAIN REPORT

By Associated Press.  
CHICAGO, May 18.—Prices for wheat in the cash market were 1c lower today, with premiums and discounts firm. Domestic shipping sales here were 5,000 bushels. The seaboard said France was reported. Receipts here said Illinois points were offering new wheat to arrive. At the same time it was asserted that an Indiana mill was asking for offers of old crop soft wheat, and there was talk that considerable business was being done with mills and not being reported.

The trading basis and prices for cash grain were unchanged. Domestic shipping sales here were 25,000 bushels. About 150,000 bushels were bought to arrive from the country. Export corn sales late yesterday via Montreal were estimated at 700,000 bushels last of May and first of June shipments 9c over Chicago July for kiln dried corn. Chartered were made here for 115,000 bushels to Georgian Bay. Oats were unchanged with the trading basis a trifle better. Domestic shipping sales here were 12,000 bushels.

Car lot receipts: Wheat, 128; Corn, 67; Oats, 67.

## Life Insurance as Collateral

Suppose a man has a piece of real estate worth \$5,000 and he finds himself in urgent need of money. Ordinarily he can borrow 50%, or \$2,500 on it, unless it is already mortgaged as considerable real estate is.

Then, take the case of a man, age 40, who has a twenty payment life policy on which he has deposited \$5,000 (\$500 a year for ten years); upon this he can borrow 75%, or \$3,750, immediately from the company and without any expense except a normal rate of interest.

Ald line life insurance is a savings as well as protection. If you live you enjoy the benefits of your savings; if you die you have provided for others as you would have done had you lived.

Meanwhile, the properly insured man knows he has taken the wise and prudent course.

REJOICES DAUGHTER  
CAN RESUME STUDIES

"Everything my little 12-year-old girl ate distressed her; even a glass of water would cause her to belch gas and she was unable to go to school for nearly a year. I bought her a bottle of May's Wonderful Remedy, and since taking it she is eating up out of house and home and is attending school again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One does well convince or money refunded. For sale at all druggists. Adv.

### PUBLIC SALE HELD AT ALEXANDER

Louis Stephens Disposes of Tools and Other Property Preparatory to Going to Dakota—Other Alexander News Items.

Alexander, May 18. — Louis Stephens held a public sale of tools and other personal property Thursday at his shop here. C. M. Strawn was the auctioneer and K. V. Beerup the clerk. The prices realized for the various articles offered for sale were uniformly satisfactory. Mr. Stephens has been running a carpenter and cabinet shop here for some time but is now planning to go to Dakota to make his home with his daughter.

Mrs. Bert Davenport has gone to Julesburg, Colo., for an extended visit.

Mrs. James Strawn and daughter Hazel of Jacksonville were Alexander visitors Thursday.

Mrs. J. T. Little entertained a number of guests at dinner Thursday, the event being in honor of her sister, Mrs. Hettie Carrollton of St. Louis, who is now her guest. The company included Mrs. James Strawn and Miss Hazel Strawn of Jacksonville; Mrs. W. H. Schott, Mrs. E.

E. Mason and Miss Anna Colwell.

Misses Theresa and Minnie Ludwig were Jacksonville visitors Thursday.

The birthday social of the ladies of the M. E. church was held at the church Thursday afternoon. There was a large attendance and the afternoon was spent socially, no program being given. The hostesses were Mrs. Osie Duke, Mrs. J. F. Willett, Mrs. Lester Gray and Mrs. C. M. Strawn. Light refreshments were served during the afternoon.

### MALTA SHRINE WILL MEET THIS EVENING

The members of Malta Shrine No. 51, will hold their regular meeting Friday evening. An especially good meeting is being planned with a supper to be served at six thirty o'clock. Following the supper some special reports will be given and Mrs. Alex Rabjohns and Miss Jennie Rabjohns will tell of the meeting of the Supreme Shrine which they recently attended in St. Louis. Work in the regular degree will be put on at 7:30.

Oscar Harmon of Franklin was a city visitor yesterday.

### BANQUET SERVED AT CONCORD M. P. CHURCH

Pleasant Affair Was In Honor of Mothers and Daughters—Fine Program Carried Out Afterward.

Concord, May 18.—Wednesday evening at 7:30 a banquet was served by the ladies of the Concord M. P. church, in honor of mothers and daughters. It was a most successful affair, the first of the kind held in Concord.

The mothers and daughters met at the church at 7 o'clock waiting the call to dinner. When the call came they marched in a body to the banquet hall, and were then admitted by ticket, each one finding her own place. Cards number 66 had been arranged containing the menu and program of toasts. After they were located properly grace was said by Mrs. J. L. Wallace, wife of the pastor.

Then began the feast that was mostly prepared by the ladies, but very nicely served by the men of the church. During the dinner hour some special selec-

tions were played on the phonograph. The following is the menu and program:

Sliced ham  
Creamed potatoes Buttered rolls  
Pickles Spring salad jelly  
Ice cream Cake  
Coffee

Toasts:  
Toastmistress—Mrs. Roy E. Nickel.

Tributes to Mothers of Famous Men—Miss Carrie Deltrick.  
The Seven Sisters and How They Grew—Mrs. Mary Ator.

Music—Mother Machree, Mothers of the Bible—Miss Reba Leeper.

Mother and Daughter True Companions—Mrs. F. C. Nickel.  
Girl Today, Women Tomorrow—Mrs. Howard Rentschler.  
Pioneer Mothers—Mrs. Frank Brown.

Mrs. P. J. Lukeman of Franklin was calling on local merchants here yesterday.

### KILLS PESKY BED BUGS P. D. Q.

Just think, a 35c box of P. D. Q. (Pesky Devil) Quinine makes a quart, enough to kill a million bed bugs, roaches, fleas, mosquitoes, and other future generations by killing their eggs, and does not injure the clothing. Liquid fire to the bed bugs is what P. D. Q. is like. Bed bugs stand a good chance as a snow ball in a justly aimed heat lamp. Patent spent free in every package of P. D. Q., to enable you to kill them and their nest eggs in the cracks.

Look for the devil's head on every box. Special Hospital size, \$2.50, makes five gallons; contains three repeats. P. D. Q. can also be purchased in sealed bottles double strength liquid form.

## Your Investment in a Community Necessity

The New Addition to

# Our Saviours Hospital

There is Needed Campaign Begins Monday, There is Needed  
\$25,000 May 22, and will end Satur-  
day Night, May 27, \$25,000  
In Jacksonville Only

## A Great Accomplishment

[By M. F. Dunlap]

In erecting this splendid addition to Our Saviour's Hospital, I believe that the Sisters of the Holy Cross are accomplishing the greatest piece of financing that has ever been seen in Jacksonville. I was not familiar with the details of the undertaking until recently, and I confess surprise in knowing that this comparatively small band of women, thru their devotion and sacrifice, accumulated a fund of \$27,000 which formed the nucleus for this building expenditure amounting to at least \$250,000.

The very fact that the Sisters were able to secure so large a loan from a conservative investing corporation is in itself indicative of the high moral risk in which their obligation finds classification.

In all these years Our Saviour's Hospital has proceeded with its beneficent work, has developed and increased its usefulness, practically without solicitation for funds and with no calls upon the public. The Sisters thru their own efforts and credit have been able to complete the building and it certainly seems to me that the people of Jacksonville will be glad to comply with the request to subscribe the comparatively small sum of \$25,000 towards this

enterprise. That sum will represent only about half of the cost of furnishing and equipping the hospital.

The campaign that is about to start for the securing of this fund, in my opinion, deserves the praise and support of the people to a greater extent than any other campaign that I can recall. Aside possibly from the Red Cross drive during the war time, no campaign has been more deserving of general support.

The people who live in Jacksonville have every reason for appreciative interest in this institution. The value of such a hospital in our midst cannot be told in dollars. In case of accident or sudden sickness, when the needs for hospital facilities are immediate, then is the time when there comes an understanding of the value of such a hospital.

Think for a moment what the condition would be if it were necessary, even in emergencies, to seek hospital facilities at a distance of fifty or a hundred miles, and there comes to the mind something of the meaning of a hospital in our midst.

I am genuinely interested in this campaign for funds for Our Saviour's Hospital, and believe that the workers are going to find the people very willing to join generously in this effort to raise as Jacksonville's contribution considerably less than one-tenth of the total cost of the hospital building and its equipment.

Every person in Jacksonville will wish to share in this great humanitarian work, than which there is none more noble, nor none in which there enters so much of the sacrifice of self for the good of others. Every one must realize the present and rapidly growing need for more facilities for care of the suffering.

## The New Addition

Nearly everyone in Jacksonville is familiar with the erection of the new addition to Our Saviours Hospital and many already have visited and inspected the building.

This addition has cost to date the huge sum of \$250,000 and will be ready soon to receive patients. But, before this can be done the building must be equipped—the rooms for patients furnished, the operating rooms and other equipment needed for this most modern of hospitals must be supplied. \$25,000 is required for such purpose.

#### MORE FACILITIES NEEDED

There is an urgent need for more hospital facilities and no person knowing and realizing just how true is this fact will hesitate for a moment to do his share towards providing a suitable place for the care of the injured, and the suffering sick.

At the present time and for several years past the capacity of Our Saviours Hospital was forty beds, and for a long time cots and beds have been placed in the hallways, surrounded by screens, to accommodate those persons most urgently in need of hospital attention. Yet in spite of every endeavor to provide accommodations many each week must be turned away.

The new addition to the hospital will provide sixty more beds, thoroughly equipped and modern operating rooms, X-Ray and other laboratories, a beautiful roof garden

where in pleasant weather the convalescent may more rapidly regain health and strength.

#### OF HISTORICAL INTEREST

The ownership and operation of Our Saviour's Hospital rests with the society of Sisters of the Holy Cross. The original hospital was established by them about twenty-six years ago. At that time a systematic plan of saving was started, having in mind the growing needs of the community. About one year ago it was found that this fund totalled \$27,000, and it was also found that there could be no further delay. So, with the ground on which the new building stands and \$27,000 in cash, the Sisters of the Holy Cross made their plans and negotiated the loan of sufficient funds to erect, all ready to be furnished and occupied, the beautiful and worthy monument dedicated to suffering humanity that stands today a realization of their many hopes, sacrifices, and long patient effort.

#### HEAVY BURDEN UNDERTAKEN

The heavy burdens that the Sisters of the Holy Cross have so unselfishly assumed will be readily understood. Also, that the sooner the new building is furnished the sooner they will be able to provide for the demands daily made upon them for the care of the sick, and the sooner will the Sisters commence to realize something toward the reduction of their large obligation.

#### ASKED OF THE PUBLIC

Remember, the public of Jacksonville is asked only to aid in the equipping of this new building, not primarily for the benefit of the hospital, although of course the furnishings bought will be in the ownership of the Society, but for humanity's sake.
